

# Emory Rehabilitation at Wesley Woods Geriatric Hospital

Presents...

A Free Patient and Family Educational Series

## *Part 1: Balance and Parkinson's Disease*

When: Saturday, August 13, 2011

10:00-12:00

Where: Wesley Woods Geriatric Hospital

More than 50% of people with  
Parkinson's disease are likely  
to experience falls...

Learn to do something about it!

Objectives of this seminar include:

1. Identifying factors that contribute to increased fall risk
2. Learning simple strategies that can help reduce fall risk, including activity modification, exercise, & assistive devices
3. Learning to evaluate your environment for potential hazards

### Speakers

Tricia Creel, PT, DPT

Doherty Riebesell, PT,  
DPT

Jeff Hoder, PT, DPT, NCS  
Assistant Professor, Rehab  
Medicine

Space is limited. To register, call the Wesley Woods Geriatric Hospital  
Rehabilitation Department at 404-728-4900. The education session is free.
