

Physical & Occupational Therapy for Parkinson Disease: *The Science and Practice of LSVT® BIG*

You are invited to attend a two-hour interactive symposium on movement disorders and physical and occupational treatment for people with Parkinson disease (PD).

This symposium is **FREE** so it is a wonderful opportunity for people with PD, family members and friends, and other healthcare professionals who want to learn more about movement and PD to attend.

The symposium will include a 1-hour lecture presented by world experts in physical therapy for people with Parkinson Disease. This lecture will be followed by an interactive session where participants with PD are invited to interact with physical or occupational therapists practicing Parkinson-specific physical exercises (LSVT® BIG).

Where: Emory Conference Center and Inn
1615 Clifton Road
Atlanta GA 30329

1:30 - 2:30 p.m. Interactive demonstration with LSVT® BIG.

RSVP: Please RSVP to LSVT Global at 1-888-438-5788 (toll free); 520-975-8915 (direct phone); 1-206-202-4214 (fax); or info@LSVTGlobal.com (email); www.lsvtglobal.com (website)

This symposium is offered **FREE OF CHARGE**; registration limited.

Lecture Summary

This presentation will: 1) describe the creation and efficacy data of an efficacious speech therapy treatment (LSVT® LOUD), 2) discuss application of principles of LSVT® LOUD to an intensive whole body exercise protocol for individuals with Parkinson disease (LSVT® BIG), and 3) discuss solutions to enhance accessibility of efficacious treatment for all people with PD who can benefit. This research was funded, in part, by the National Institutes of Health.
